

Dear Parents,

My name is Deanna Kozlowski and I am a Licensed Independent Social Worker. I graduated from The University of Chicago with a concentration in Clinical Social Work and a specialization in School Social Work. My career as a social worker has included experience working with a wide variety of populations: Sexual Assault Counselor/Advocate, Early Intervention Specialist (0-3 year olds), Case Manager and counselor for children and adolescents with disruptive behavior disorders, School Social Worker and hospital social worker. My experience as a school social worker entailed working in both therapeutic and non-therapeutic educational environments grades K-12.

Having worked as a School Social Worker, I have seen first-hand how social and emotional issues which go unmet can impact the overall wellbeing of children/adolescents and interfere with academic drive and success. After hearing from parents who want their child to have access to therapy but also have concerns about them missing part of their school day to attend appointments, I've decided to integrate on-site services to my practice.

Reasons to seek therapy include but are not limited to:

- Issues of self-worth and self-image
- Anger management skills
- Depression
- Communication and social skills
- School refusal
- Anxiety
- Defiant behavior
- Divorce/Familial concerns
- Improved interactions with peers and family
- Improved concentration and organization skills
- Emotion Regulation

If you would like to schedule a time to meet in person or have any questions, please feel free to contact me by phone at 641-530-4055 or email at [dkozlowski@hipaamail.net](mailto:dkozlowski@hipaamail.net).

Sincerely,

Deanna Kozlowski, MSW, LISW
